

“Dr. Tofflemire was 100% the best vet I have encountered in 30+ years of pet ownership. Personable, very knowledgeable, professional yet caring, provided thorough information and his staff was super friendly. Worth the 2hr+ drive” - Google review from Mary M.

ABOUT

KYLE TOFFLEMIRE DVM, DACVO

Dr. Kyle Tofflemire is a board-certified veterinary ophthalmologist and the founder of Veterinary Revision. He is an impact-driven professional who built his practice on the foundational belief that **exceptional eye care requires a blend of advanced skill, compassion, and a personalized approach**. His vision for Veterinary Revision was to create a space where pets and their owners feel like guests, not patients in a busy hospital.

After earning his veterinary degree from Texas A&M University, Dr. Tofflemire completed a small animal medical and surgical internship in Arizona. He then completed a Comparative Ophthalmology residency at Iowa State University, where his dedication to his craft earned him numerous accolades, including the **Resident of the Year** award and a **Vision for Animals Research Grant**. He achieved board certification from the American College of Veterinary Ophthalmologists (DACVO) upon completion of his residency in 2015.

Why Dr. Tofflemire is the Right Choice for your Pet

- **Board-Certified Expertise:** Dr. Tofflemire is a **Diplomate of the American College of Veterinary Ophthalmologists**, a credential held by a select group of specialists who have completed extensive training beyond veterinary school and passed a demanding series of examinations.
- **Unwavering Dedication:** With over 15 years of experience in ophthalmology clinics, multi-specialty hospitals, and veterinary teaching colleges, Dr. Tofflemire brings a wealth of knowledge to every consultation and procedure.
- **Commitment to Advancement:** Dr. Tofflemire has published studies on diseases he diagnoses and manages daily, including **corneal ulcers, glaucoma, and cataracts**. He spent several years on the American Board of Veterinary Ophthalmology Exam Committee and actively serves on the Vision for Animals Grants Committee, helping to fund novel research.
- **Personalized Attention:** Dr. Tofflemire's philosophy is rooted in providing **empathetic and meticulous care** in a calm, welcoming environment. He takes the time to build relationships with both pets and their owners, ensuring peace of mind and excellent outcomes.

Schedule a consultation with Dr. Tofflemire to give your pet the exceptional care they deserve.
